

Story Retelling - Nacherzählung

Students read a short story appropriate for their level and retell it in German. Contestants get about 10 minutes to read their selections in a separate room before presenting their oral summaries to the judges. Dictionaries and vocabulary lists are not permitted, but the reading selection may have a limited German to English glossary. Students are judged as follows:

Comprehensibility	Oral Grammar	Text Comprehension	Details	TOTAL out of 20
<i>Overall, how well can the student be understood (pronunciation, vocabulary, etc.)?</i>	<i>Does the student exhibit level-appropriate control of grammar?</i>	<i>How well does the student understand the main idea of the story?</i>	<i>How detailed is the recounting of the story?</i>
